June 4, 2024

Dear Joint Conference Attendees.

On behalf of the Board of Directors of FFMIA, welcome to the Wyndham Lake Buena Vista and the Joint Conference of the Florida Association of Fire and Life Safety Educators (FAFLSE) and the Florida Fire and Explosion Investigators (FFEIA). This year's conference theme is "Fueled by Fire."

This year brings new leadership and many new ideas from each of our two sections. The new ideas and learning opportunities will be obvious as our days together go by. Under the leadership of Broward County's Sheriff Fire Rescue's Melanie Brocato, FAFLSE is partnering with new stakeholders to bring Community Risk Reduction to every area of the State of Florida. Under the leadership of the Volusia County's Fire Marshal Shane Lanoue, the momentum has continued to bring more opportunities for educating our fire investigators. This year's conference will discuss Leadership, Community Risk reduction opportunities and lithium-Ion battery investigations. It will also provide interactive workshops, networking, and social event opportunities.

With new sponsors and a broad list of vendors, we are able to provide learning opportunities for fire investigators and fire life safety educators here in Lake Buena Vista. In addition, take the time to cultivate old relationships and develop new ones. Please take advantage of the fellowship opportunities each night and participate in the daily educational sessions offered. How you participate at the conference can make your time here more rewarding and fun.

During the conference, take the time to visit our sponsors and vendors to be updated on the latest trends and technology. Members of the Board of Directors from the Association and Chapters, along with our Executive Director, will be available throughout the conference to help facilitate a good experience for you. I encourage you to take full advantage of these opportunities for personal and professional growth.

Enjoy your time and have a great conference.

Sincerely,

Jeff Lucas,

President

INTERNATIONAL FIRE MARSHALS ASSOCIATION

CHAPTER #3

2024 Child Passenger Safety Updates: More Than Just a Click: Which child passenger safety seat should caregivers use? The one that fits their child, fits their car, and that they can correctly use every time. How do you as an educator stay up to date on helping children travel more safely in your communities? You know that it takes more than just a click! This meeting will provide an opportunity for certified Car Seat Technicians to network, discuss challenges they are experiencing in the field and ideas for new outreach programs. Technicians will also review the digital checkpoint form and changes coming to the Florida Occupant Resource Center. There will also be a CPST Instructors Meeting. This meeting will provide an opportunity for certified instructors to discuss challenges and brainstorm ideas for things such as technician retention, future regional and state meetings, instructional needs, and state resources.

Inspectors Deploying to Disasters, what you Should Know and What to Expect: This course is designed to prepare inspectors for a post disaster deployment to an affected area. The course is designed to prepare inspectors for what they will encounter and how to do their job on these deployments.
